

## PERFORMANCE RATINGS

To help our customers make the best selection of lubricants, the chart below compares the outstanding qualities of each FASTORQ Engineered Lubricant.

LUBRICANT FUNCTION	PERFORMANCE RATING BY PRODUCT				
	A/G	RS18	444	70+	72
Anti-galling	E*	E	G	G	G
Water Resistance	F	G	E*	G	F
Chemical Resistance	G	G	G	G	E*
Rust/Corrosion Prevention	F	F	E*	E*	F
Heat Stability	F	F	G	G	E*
Sealing	E*	N	N	N	N

\* Indicates that this feature is the lubricant's primary function.

**NOTE:** E = Excellent G = Good; F = Fair; N = Not Applicable

*Material Safety Data Sheets (MSDS) & Application Instructions accompany each lubricant order.*
