

## HST4061H302

### SpinTORQ 360° Continuous Rotating Hydraulic Torque Wrench, 812-4061 ft-lb

#### PRODUCT DETAILS

- Low-profile head continuously rotates 360 degrees in forward and reverse, drastically reducing time spent tightening fasteners, while allowing the wrench to operate in very limited access bolting applications
- Fit and reaction points are designed to standard ANSI and API piping flange dimensions, so the tool rests against adjacent nuts during use
- Robust design combines a well-proven double enveloping worm gear drive to provide reliable and repeatable performance
- Durable powder coating is ideal for demanding work environments
